

Hi everyone,

RIBs is committed to doing its best to make good choices for moving forward during this pandemic.

Here are the changes Recycle Ithaca's Bicycles will be implementing from Sunday, March 15, to Wednesday, April 13 in response to these conditions:

- Open shop will be closed. This means we will not be allowing any use of the space for public work on bikes. Exceptions will be made for the two or three people whose projects here are currently in progress.
- We will retain our normal hours, but for retail and volunteering only.
- Strict sanitary procedures will be enforced on the property and posted throughout the premises.
- Open shop on Saturday will be replaced with a weekly group ride (look for more details coming soon).
- Volunteer nights on Mondays are now closed.
- Some basic tools will be leashed to the racks outside the front of the shop for people to work on their own bikes. \*UPDATE\*: the tools are outside, right behind you, along with a new custom dual workstand! Marvel at what 20+hrs of design and construction looks like x\_x;
- We will reassess all measures for COVID-19 on an ongoing basis, posting updates here, on the Facebook page, and on the Tompkins County Human Services listserv.

We greatly value all of our community and hope to resume open shop as soon as safety permits.

Please take care of yourselves.
